

## *The need.....To "Kill" a "Mockingbird"*

The recent and shameful performance of the Main-Stream-Media's (\*MSM) blatant interference in the Clinton / Trump Election Campaigns makes us all look like Hypocrites of Freedom and Liberty. The once perceived "Honor-bound" (MSM), Media, that appeared to maintain and embrace a High degree of Ethics, and Journalistic Morals, has shown itself to be a struggling stay-out-of the Gutter entity, unable to grasp and uphold their obligations to an America where many have Died to protect them in their (alleged) pursuits of the Truth.

### **America needs to rein-in these corporate Goliath's.**

Their betrayal of sacred duties and obligations (now) abandoned have made them irrelevant to an abandoned America.

When did this abuse of the Printed word begin, and when did those in the Media feel they could betray their fellow-man?

We need (perhaps) to understand their Human frailties that have overwhelmed them in their choices of Greed and power, over Patriotism, and Loyalty to country.

This "hunger" for power that actually changed the historical path America was and is to walk, must have begun quite some time ago.

Perhaps mid-Twentieth century America is the point-of-origin for a separation between America, and the once embraced "Gate-Keepers" of *Truth, known as America's (MSM), Media.*

*"You could get a journalist cheaper than a good call girl, for a couple hundred dollars a month." – CIA operative discussing with Philip Graham, editor Washington Post, on the availability and prices of journalists willing to peddle CIA propaganda and cover stories. "Katherine The Great," by Deborah Davis (New York: Sheridan Square Press, 1991).*

This (above), is a quote (within a published book), of an operation that began to stain America's Pressrooms in 1950.

An unfortunate period, when our Intelligence agencies sought to integrate themselves into America's "printing presses".

They (allegedly), wanted to insert their stories, their versions, their omissions, and their "Fake-News" (once known as Propaganda), into our sources of information, so as to direct America's policies, emotions, thought-patterns and beliefs down the "Paths" that they have chosen for America.

Influencing and guiding Americans through Falsehoods, and Deception, in a Government collaboration that should have shutdown the "printing presses" of many who continue to "give us the News".

This could not have been done, without the cooperation of the "presumed" Honorable Media.

A Poison collaboration of Media outlets, and "American" intelligence agencies, for the sole purpose of misleading, misinforming, and misdirecting their fellow Americans into beliefs that were either created, intentional half-truths, or virtual Myths.

Unfortunately, the price of **the Honor** amongst many (in the Media), oath-bound to report the "Truth", **was sold** (allegedly) for just a couple ("Judas") hundred dollars each a month.

Reports years later, have shown that these "reporters" could not have really been "bought" without the understanding and cooperation of the Owners and Publishers of the less-then honorable Tabloids-of-the day.

The (\*MSM) Media of the day could No longer stand as Protectors-of-the-Truth.

Embedded, deeply into a (now pot-hole-filled), "Information Highway" to America, was the Falsehoods, the Betrayals, the Distortions, and the Denials of the Reality that Americans saw, but could never read about from a "Bought & Sold" once "Trusted Media".

\*\*This Clandestine performance and collaboration of Misinformation to America was known as .  
**"OPERATION MOCKINGBIRD".**

The embedded "Infection" into America's (cooperating Media) with the influence of the Intelligence agencies (appeared) to have affected at least 25 Major Media outlets and Wire Agencies of the day. It has been determined that reputable reporters / writers of the day, some syndicated in hundreds of Newspapers had become part of the Misinformation institution and had become (nothing more) than mere distributors of Chosen-words, given to them by "Managers of Propaganda".

+ **\*\*Details of *Operation Mockingbird* were revealed as a result of the Senator Frank Church's investigations (Select Committee to Study Governmental Operations with Respect to Intelligence Activities) in 1975. According to the Congress report published in 1976:  
.....Among the executives who lent their cooperation to the Agency were William Paley of the **Columbia Broadcasting System**, Henry Luce of **Time Inc.**, Arthur Hays Sulzberger of the **New York Times**, Barry Bingham Sr. of the **Louisville Courier Journal**, and James Copley of the **Copley News Service**.  
Other organizations which cooperated with the CIA include the **American Broadcasting Company**, the **National Broadcasting Company**, the **Associated Press**, **United Press International**, **Reuters**, **Hearst Newspapers**, **Scripps Howard**, **Newsweek** magazine, the **Mutual Broadcasting System**, the **Miami Herald** and the old **Saturday Evening Post** and **New York Herald Tribune**.**

**\*\*By far (it has been reported), the most valuable of these associations, according to CIA officials, have been with the New York Times, CBS and Time Inc.+**

It appears this went on for decades, and perhaps continues to this day?  
It has been suggested that past Presidents and others of "Influence" had gained their positions in history, based on the diseased reporting of Media information avenues of America. Media outlets that were deeply tainted with false, misleading, or outright distortions of the facts, continued (or continues??), to present itself as instruments of Truth and Honor.

What consequences have we endured or will endure due to Orchestrated words that darkened the ink applied to innocent blank pages, where only Truth once was allowed?

## **Does any of this seem familiar to America in the year 2017?**

Where an unapologetic (MSM) Media continues to regurgitate falsehoods, omit "front-page" reporting, or distort events "eye-witnessed" by many,.....even after they are caught with their "printing-presses down"?

Can any Americans think of recent events where favorable reporting towards one Presidential Candidate, far exceeded the borders of unbiased and impartial reporting?

Can you think of "Breaking News" stories that remain untouched by the so-called Main-Stream Media, simply because they were afraid that it may affect the Candidate of their choice?

Do you think that the despicable / dishonorable chain-of-events surrounding the Clinton / Trump Presidential run-off appears to have the aura of a cowardly (MSM), Media, subservient to some "Influential" workings of an Administration that would have done anything to maintain it's "Power-base"??

## **Is the "Mockingbird" syndrome still Alive?**

Think of what America has been inflicted with during this frustrating (8 yr.) time period, where we have been pinned with every "ism", every "phobia", and every Hatred label simply because we didn't "fall-in-line" with those who followed and believed the "printed-word" of the (MSM), fabricated story-line.

The "cover-ups", that were "buried" under rolls-of printing paper tainted with "False" story-lines, or the distorted interpretations by televised "Puppets" berating America for refusing-to-serve-the-"ONE"!!

Is the "Tweet" of "Operation Mockingbird" still heard, but under more clandestine means so as to give the appearance that some "Integrity" remains in a permanently stained but cooperating / collaborating Media??

***I don't think we need to call "Sherlock Holmes" in to decipher this paramount question?***

Allegedly, the ingredients that made "**Operation Mockingbird**" were "put-to-sleep" in 1976, but suspicions are that this "Mockingbird Syndrome" continues to foster it's influence and propaganda to "Bend" the Truth and alter the History of our country.

We can only hope that any new Administration will reign-in and govern Intelligence agencies with the constant reminder that (even they) exist to serve America, not to create a disillusioned America compelled to "serve the one"..... Reach out to Mr. Trump, send in your old-fashioned letters, by the bagful.

They cannot be so easily deleted as an E-mail.

\*On the other hand, We the People can and must deal with these corporations that have become Goliath's in dispensing news, but who believe they are too big to Fail and have grown further to become "Media-Frankensteins". Potentially forcing "their" version of the "News" and the "Truth", down America's throat.

An "internal coup" performance by some who possess weapons of "Mass Instruction", through the News they Omit, or Create, or Distort, and creatively distribute, under the guise of being the Truth

They hold in their hands instruments that have and continue to have significant influence, over the thought patterns of Americans.

**Some may say, even to the point of creating a Brainwashing effect over America's Innocence.**

We hunger for the News and (want to) believe it is embedded with Truth.

**What is the purpose of Mass Media when they can No longer be Trusted, in a World where Trust has become a rare commodity?.....Who needs them??**

America's faith and belief in accepting that what we are being told is accurate and honest has made many Americans "Addicts" to that which is distributed by the Few.....to the Many.

The (MSM) Media and **their subservient, anti-American cooperation has participated in inflicting irreparable damage to the Trust, and Beliefs that America once had** envisioned when presented with the News.

**That mistrust will continue** until we decide that they have violated America's Trust no longer, and they can no longer serve in a capacity whose Ethics, and Values have been violated.

Americans have an Awesome response "weapon" of their own. A yet relatively untapped Resource called the Boycott.

With today's expedient electronic communications and Social Media, a chain of American citizens, can link us all from coast to coast. Boycotts of Advertisers, contractually attached to those determined to have violated their Oath, as diligent agencies of News reporting, can feel our influence overnight. All "Corporations" acknowledge that their "Pocketbook" comes first and a Free Truthful Press may come second, so we will attempt to cut some of those "purse-strings" from their grasp.

Media "Frankensteins" being Dishonest with the Public, can result in Advertisers losing profits of advertised products.

We will let the advertisers dictate the needs and wants of the People through our approval or dissatisfaction of Media's performance.

(MSM) Media will then be required to govern it's Respect for the Truth and it's Honesty towards America.....ever-conscious, of the watchful "Eye" of an America prepared to UN-holster their weapon of Boycott Power.

To allow Government to clean a mess they created would only declare that we as Americans are Weak, and that we need more Government.

That perception has to Stop.....**Now!**

.....We-the-People built this country, and this is one of the times we-the-People must do our own "dirty-work".

**The Mockingbird Syndrome must "Die"**, as well as the influence it created amongst those in the Media who feel they can still operate under such a Despicable and Traitorous covenant.

America's People have been left with no other option, then to Rid ourselves of the "**Mockingbird** "!!.....**OURSELVES**.....**So let it be written!**
