Rewards producers of MORE EXPENSIVE energy - ALL Taxpayers pay these subsidies in HIGHER TAXES. Govt needs to regulate everything - tire stores don't know how to deal with tires. Govt can hire better than any private company - look at how well they do it for themselves. We need a Beef Commission - only Govt can control what we eat - and how much it costs.

Disgusting - Nurses REQUIRED to tell on their colleagues if somebody thinks something was done wrong. Fran missed this day - LUCKY for us. Early care & Learning MUST be controlled by GOVT - or they might learn about Govt. We don't want ACCIDENTS, maybe YOU do. We'll fix that by FINING people that have accidents.

Cronies - businesses must use a specific Alarm System. Govt can regulate Pain Clinics - Govt knows better what people need for pain. Federal Control - Obamacare isn't bad enough - Let's license those that tell us how good it is. Your home fun slot machine is ILLEGAL (unless you pay a TAX). Govt must CONTROL your FUN. Privacy? Not until WE say so - we'll do what we want when we arrest you. Oh, innocent? Gee - sorry.

These comments explain the gist of the Bill and how it affects YOU. (each line starts directly UNDER the Bill)

Central Control - Why should anyone be able to choose? FORCE the Nursing Homes to offer Flu Vaccine. Gov workers, who can't find their way to work, will now tell Mapmakers how to do their job? You aren't smart enough to close your own transactions - only a bureaucrat is. The School Board should do it - You can't trust the Medical People

Nurses don't know what they should know - FORCE them to take courses and CHARGE them for learning. We need sick people to PAY MORE TAXES - how dare they take days off from PAYING Taxes? Bureaucrats are smarter than Free Markets. Invest people's money for them. If it FAILS who cares? Police State - Contempt is contempt - Courts & Police will FINE you & you will LIKE it.

Some other Senators' Voting Records are also shown - so you can see how Fran lines up with the rest.
