Fran Voted YES for all but one of these Democrat, Bigger Government Bills, Crony & Special Interest Bills.																						Govt Meddling in construction of historic structures.																											
Nanny Govt - defines how much Victims can 'collect'.																										This is SERIOUS increase in Police Powers - now a Special Group will control YOUR Community.																							
Tax exemptions for Special Interests, Officials have no background checks.																										Nanny State - now many trucks & vehicles up to 15 passengers must have seat belts.																							
Extends Police Powers -search warrant can be 'sealed' & held for 60 days - what if the perp moved?																										Creates Govt Agency to have more control over your Water & soil.																							
More Vehicle & Licensing Regulation - lots of MONEY\$\$ for Special Interests.																										Ridiculous - gives tax breaks to Zoos & Aquariums.																							
The ONLY one Fran didn't vote for - THANKS! WOW - it didn't pass. It would have stopped THIS Report!																										All now Forced to pay for Autism through compulsory coverage in all insurance.																							
A New LOW! State will control all regulations on "to-go" boxes at restaurants.																										Socialism at its finest - Low Income Housing gets more tax breaks (you pay MORE Taxes) & financing support.																							
Tells us fuel Taxes and Car taxes going down - while in fact Raising them.																										Creates Govt Sports Commission to ensure More TAXES																							
Hides taxes at the same time it Raises them.																																																	
Fran missed this.. Govt Meddling in private contracts - for condominiums.																										for Everyone & benefit Only those that attend games.
