

These celebs said they would Leave America if Donald Trump is elected President:

I don't know about YOU - but, I OFFER to do anything I can to Help Them Move - ASAP.  
I am not aware that ANY one of these people had done ANYTHING that is actually Good for the USA,  
And many have done much to hurt it - particularly the 2nd, Sharpton, and the Last, Ginsburg -  
What a shame.  
I certainly will not miss any of them.

But, quite frankly, I don't believe ANY of them.  
Most of them have proven, over & over, that their Word is worth NOTHING,  
and their touch with Reality is NON-Existent.  
While their brains certainly work well in their vocations (in every case except Ginsburg),  
apparently, their powers of Objective Reasoning are on a very different level.  
Unfortunately, they ALL will probably STAY!
